

Draft Minutes of May 6th, 2017 Selectboard Road Tour

Call meeting to order

@ 7:05 am

Changes or additions to the agenda: None.

In attendance: Three Selectboard members, Dan Tatro, Road Forman.

Road Tour: The Selectboard members and Dan drove around in Dan's truck looking at specific roads, culverts, bridges, and beaver dams of special interest. There was a discussion about the reoccurring problem with drainage and how the town should address drainage issues in the next re-write of the zoning by-laws. Dan reported that replacement of culverts would be the principal work of the road crew during the upcoming summer.

Upon inspection and cleaning of the culvert grates on Beaver Meadow Road there was a discussion about options the town has to address the danger to the road that is caused by the beaver dams present. Throwing up the part of the road that crosses the beaver meadow/marsh-lands and letting the beavers create dams in the area was one option discussed. There was questions about whether beaver baffles would work in this location.

Meeting Adjourned: 9:00 am

The foregoing is a true copy of the minutes of the May 6, 2017 Selectboard Meeting.

Attest, _____, Town Clerk
